

The copy filmed here has been reproduced thanks to the generosity of:

Université de Montréal

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol $\longrightarrow$ (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Université de Montréal

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole $\longrightarrow$ signifie "À SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

PREFATORY

THE special feature of the Fine Arts Exhibition of last year was the paintings and mural decorations by the leading modern French artists. This year we are indebted to the Government of the French Republic and the Italian Minister of Fine Arts for the privilege of presenting to the people of Canada a selection of paintings and sculpture from the Musée du Luxembourg and the Exhibition of Paintings by modern Italian artists.

The Luxembourg Collection consists of pictures selected to form a retrospective exhibition of works by the leading French artists for the past forty years. During this period these have been purchased by the French Government on account of their great merit and installed in the Art Gallery of the Luxembourg Palace in Paris. To have a picture so selected is the great ambition of the French artist, as it at once acclaims him a master of his art.

Both these collections were sent by the French and Italian Governments to represent the art of their country at the Panama-Pacific International Exposition, and the Canadian National Exhibition Association are greatly indebted to Mr. J. Guiffrey, who represents the Beaux-Arts Under-Secretary of State, for finally securing us the Luxembourg

Canadian National Exhibition

Collection. The thanks of the Association are also due to Mr. N. H. Carpenter, Director of the Chicago Art Institute, and Mr. R. A. Holland, Director of the City Art Museum of St. Louis, for their valuable assistance; to the Directors of the Indianapolis Art Museum for their considerate action in postponing their exhibition of these pictures in our favor, and to Mr. J. W. Beatty, Director, and Mr. R. B. Harshe, Assistant Director, of the Carnegie Institute, Pittsburgh, for their co-operation with regard to the Italian paintings.
